## FREE ADULT MENTAL HEALTH FIRST AID TRAINING

Sometimes, first aid isn't a bandage, or CPR, or the Heimlich, or calling 911.
Sometimes, first aid is YOU!

Why attend a MHFA Training?
One in four Americans lives with a mental health problem each year. Yet, far too many - up to two-thirds - go without treatment. Just as CPR training helps a layperson without medical training assist an individual following a heart attack, Mental Health First Aid training helps a layperson assist someone experiencing a mental health crisis.
