

MEDICATION ASSISTED TREATMENT (MAT)

Come meet with representatives of Trac-B Exchange to discuss Medication Assisted Treatment (MAT) for Opioid Use disorder. MAT is the use of FDA-approved medications, in combination with counseling and behavioral therapies, to provide a "whole-patient" approach to the treatment of substance use disorders¹.

Feel free to stop in and ask questions or learn about treatment options for substance use. Everyone is welcome to come and inquire about help for yourself, a family member, or friend.

PANACA COMMUNITY CENTER

1005 Main Street
Panaca, NV 89042

- Monday, August 9th
- Monday, August 23rd

In the Conference Room, 1-3pm.
